

Dear Hana,

Happy Birthday! I know this is definitely the best gift you received today (or tomorrow if my bum ass was too slow making it). But still totally worth it. you are an amazing friend. If it wasn't for you my freshman year, i'd probably still be wandering around the Union trying to find my classes. I'm so grateful for your advice and helping me with navigating with CS stuff at michigan. It's so awesome to have a mentor and good friend at michigan who I can rely on to help me with this stuff. I genuinely would have no clue where to start if it wasn't for you. And also for bringing me food from canton whenever u go back. I hope you have an awesome 20th birthday (not 21st mb). Enjoy ur twenties. I would call u unc now but i've been saying that for years. Ok i'm done with the corny stuff. And if you tell anyone i said this, i will completely deny it.

From Ishan :)
